

Cleanroom Swab Series

Cleanroom Swabs

Our Cleanroom swabs are designed for Effectively cleaning small surfaces in the controlled environments. Produced by advanced patented process (DP technology), they are widely used in the industries of photoelectric, semiconductor, computer, and medical care.

Cleanroom Swab Features:

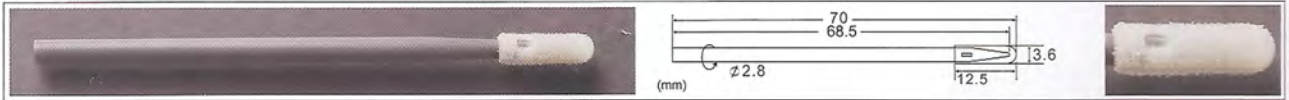

- High level of cleanliness with very low particle counts, ultra-low non-volatile Residue (NVR) and ion content. Free from Silicone, amide and DOP
- With good absorbency, enabling fast absorption of contaminants onto the swab head.
- Good solvent resistance enables the swabs to resist corrosion during the cleaning.
- Environment-friendly. Meet the ROHS, REACH, and international Halogen-free standards.
- We offer different sizes of Cleanroom swabs designed for every industry. The types include polyester swab, PU foam swab, Hydrophilic PU foam swab and cotton swab.

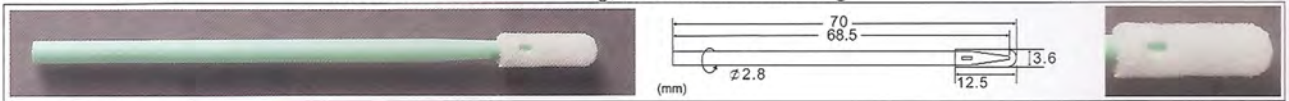

Cleanroom PU Foam Swab

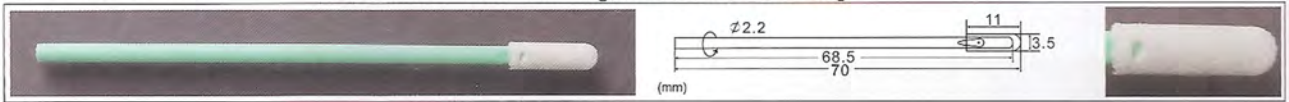

- **SU-070GFRT-ESD** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

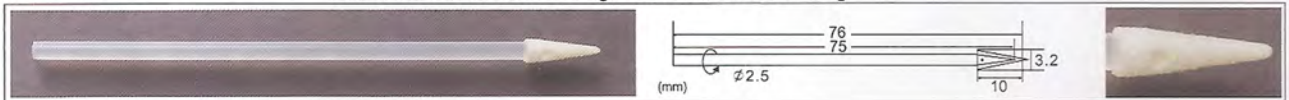

- **SU-070VFRT** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

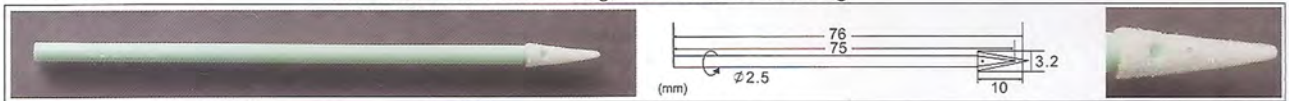

- **SU-070VFCT** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

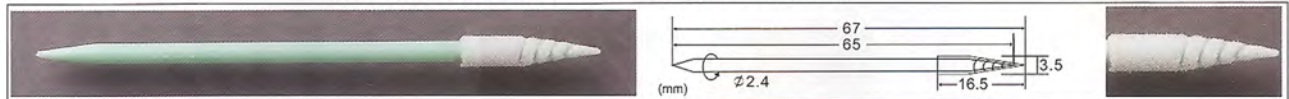

- **SU-070TFST-ESD** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

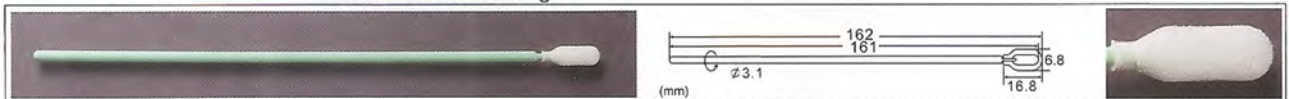

- **SU-076VFST** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

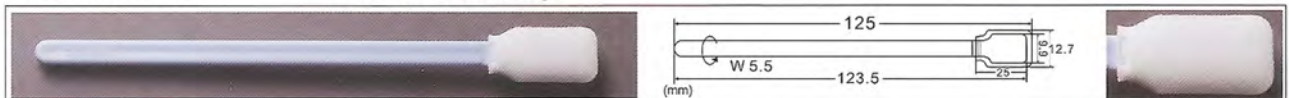

- **SU-067VFST** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

- **SU-162VFCT** PKG:100 Swabs/Bag

- **SU-125BFCT** PKG:100 Swabs/Bag

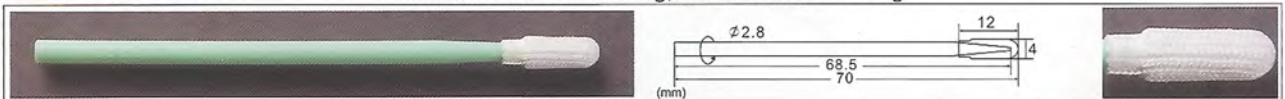

Cleanroom Polyester Swab

- **SU-070VPHCTS** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

- **SU-070VPRT** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

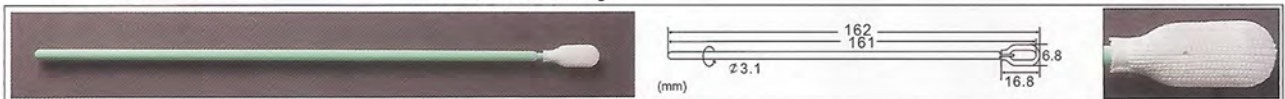

- **SU-070VPCTS** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

- **SU-070VPCTD** PKG:100 Swabs/Inner Bag, 500 Swabs/Outer Bag

- **SU-162VPCT** PKG:100 Swabs/Bag

- **SU-093VPCT** PKG:100 Swabs/Bag

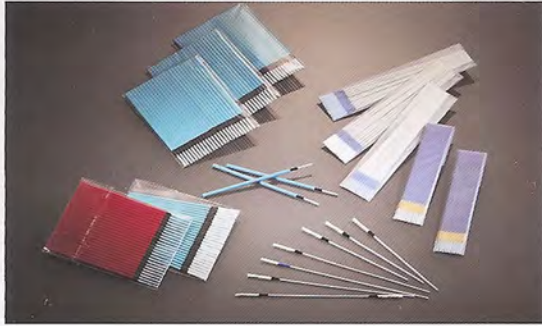

- **SU-145VPRT** PKG:100 Swabs /Bag

- **SU-125BPCT** PKG:100 Swabs /Bag

Cleanroom Swab Series

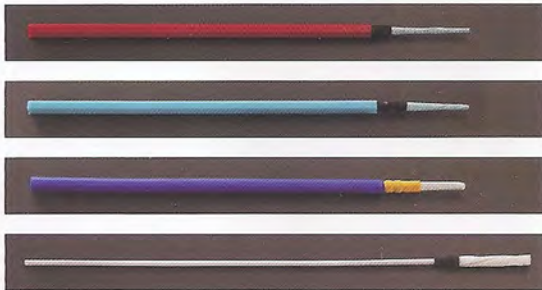

Fiber Optic Swab

- ◆ Swab Head Materials: Polyester-Nylon Composite Micro-fiber.
- ◆ Swab Handle Materials: Environmentally friendly PP/Paper available
- ◆ Specification for the head and handle can be customized.

Features:

1. Composed of Cleanroom polyester-nylon micro-fiber head material. Cleans efficiently even without wetting with solvent.
2. Thermally sealed edges, soft and non-abrasive head. Very low particle release.
3. Light and environment-friendly. Comply with the ROHS, REACH, and international Halogen-free standards.

Cleanroom Hydrophilic PU Foam Swab

Features:

1. The open-cell structure of the foam enables it to Effectively remove adhered particles from the surface.
2. PU swab head can be Replaced
3. Solvent resistant.

Material: 100% Polyurethane

Swab handle specification	Shape	PU Swab Handle Specification mm	Shape	Swab handle specification mm	Shape
∅ 3x13	Horizontal Cut	∅ 5x15	Horizontal Cut	∅ 8x15	Horizontal Cut
∅ 3x12	Oblique Cut	∅ 5x12	Oblique Cut	∅ 8x10	Oblique Cut
∅ 3x18	Oblique Cut	∅ 5x18	Oblique Cut	∅ 8x20	Oblique Cut

Number	Model	Specification mm	Swab Handle Material	Swab Handle Shape	Pcs/Bag
①	SU-P301	∅ 3x78	Paper Handle	Horizontal Cut	100
②	SU-P302	∅ 3x78	Paper Handle	Oblique Cut	100
③	SU-P801	∅ 8x103	PP	Horizontal Cut	50
	SU-P802	∅ 8x106	PP	Oblique Cut	50
④	SU-P501	∅ 5x103	PP	Horizontal Cut	50
⑤	SU-P502	∅ 5x106	PP	Oblique Cut	50
⑥	SU-P303	∅ 3x85	PP	Horizontal Cut	100
	SU-P304	∅ 3x85	PP	Oblique Cut	100
